SheDecides.

Dear leaders, champions and decision makers,

**Without sexual health, there is no health.
Without reproductive rights, there is no equality.
Without empowered youth, there is no progress.**

**Because young people may be the future,
but we are here now.**

We are calling upon leaders to prioritize youth SRHR. Not just promises, but action. Investment. Funding. Change.

From sexual and gender based violence to unplanned teenage pregnancies, unsafe abortions and HIV & AIDS, our health is under threat.

To make informed decisions about our bodies, lives and futures, we need access to quality education, contraceptives, and services built for us. But more than anything, we need our voices to be heard. Without us, the global commitments to support young people will not be achieved.

Join us, as we unite with every generation, across borders and barriers, for action on youth SRHR. Together, we can build a better world for the young people of today, and for future generations to come. It starts with youth SRHR, it starts with us, and it starts now.

United, a united youth voice.

Youth are the future,
but youth are also....

THE PRESENT

9 million girls aged 15-19 undergo unsafe abortions every year.

* NEARLY HALF OF WOMEN STILL ARE UNABLE TO MAKE DECISIONS ABOUT THEIR OWN BODIES.

* UNFPA

There are 1.8 billion young people in the world RIGHT NOW.

Let's rise up, take charge, and shape our own **destinies!**

CSE FOR A GENDER EQUAL WORLD.

To thrive in a rapidly changing world, we need educational systems that provide equal opportunities for ALL. That means:

Addressing marginalised peoples' needs,

Investing in CSE for in and out of school youth,

Ensuring delivery of CSE regardless of school ief system.

Youth SRHR starts with...

More ACCESS to CONTRACEPTIVES and ABORTION SERVICES

Abortion is crucial for
reproductive rights
and public health.

For 30 years, the global
collective led by ICPD
has been pushing
for the basic right to
access SRHR services.
Abortion included.

Against Abortion?
Don't Have One!

+  **Speak** together to build a **collective** voice to speak up for bodily autonomy and access to safe abortion.

Leaders must listen to young people and comprehend our needs and desires around health and wellbeing.

WHEN SHE DECIDES

The world is better, stronger, safer.

She decides whether, when, and with whom.

To have sex.

To fall in love.

To marry.

To have children.

She has the right.

To information, to health care, to choose.

She is free.

To feel pleasure.

To use contraception.

To access abortion safely.

To decide.

Free from pressure.

Free from harm.

Free from judgement and fear.

Because when others decide for her,
she faces violence, forced marriage, oppression.

She faces risks to her health, to her dignity,
to her dreams, to her life.

When she does not decide,
she cannot create the life she deserves,
the family she wants,
a prosperous future to call her own.
We - and you, and he, and they - are uniting.
Standing together with her so she can make the
decisions only she should make.

Political leadership and social momentum are
coming together like never before.

But we can go further, and we can do more.

From today, we fight against the fear.
We right the wrongs.
We mobilise political and financial support.
We work to make laws and policies just.
We stand up for what is right.

Together, we create the world that
is better, stronger, safer.

But only if. And only when.
